

Spicy Cajun Louisiana Iris

Iris louisiana 'Spicy Cajun'

- **Use:** This beautiful iris pond plant has a beautiful color combination that is simply striking. A lovely addition to your flower bed or water garden. Attractive, green, sword-like foliage stays nice all summer long. Louisiana Iris blooms in early to late spring, depending on zone. Louisiana Iris is an exciting pond plant for your rain garden, bog, pond or terrestrial garden.
- **Exposure/Soil:** Plant in full sun to partial shade, in fertile well drained soil. Use slow release fertilizer two times a year. Tolerates up to 4" of water. In times of drought supplement water. Place in a pond no deeper than 1/3 maximum recommended planting depth to allow the plants to establish.
- **Growth:** Grows 32-36" tall. Divide every 3-4 years. Space new container grown plants 18" - 36" apart.
- **Hardiness:** Zone 5-11; Perennial
- **Foliage:** Deciduous. Graceful, narrow foliage.
- **Flower:** Large purple flowers and yellow-white in the center.

Sun loving, easy to grow, deer resistant, and can withstand up to 4" of water in a pond or drainage ditch!
