

Rocket Junior Hot Poker

Kniphofia 'Rocket Jr.' PP36683

- **Use:** The color intensity on this dwarf red hot poker is out of this world! Each conical flower is a fiery deep red orange shifting to a golden afterburn. Blooms summer through frost with new flowers pushing up through the foliage non-stop. Incredible impact in the front of a mixed bed, mass plantings, borders or as the 'thriller' element in mixes.
- **Exposure/Soil:** Plant in full sun to partial sun. Use slow release or water soluble fertilizer. Allow soil to dry slightly between waterings. Drought tolerant once established
- **Growth:** Fast growing evergreen foliage 12" tall and 9" wide, flower spikes 16" tall.
- **Hardiness:** Zone 6-9; Perennial. Very heat and drought tolerant!
- **Foliage:** Semi-evergreen; Long grass-like leaves.
- **Flower:** Bicolor red-orange and orange flowers are produced in profusion and appear all summer through fall. Hummers love it!
