

Hot & Cold Red Hot Poker

Kniphofia uvaria 'Hot and Cold'

- **Use:** Members of the PYROMANIA® Collection are a rainbow of hot colors including red, orange, and yellow. The spiky flowers and upright habit gives a very unique drama to your landscape, with rebloom extending the color late into the season. This one is especially attractive to hummingbirds and doesn't appeal to deer. Makes a great cut flower, patio container or landscape plant. Long tap root gives good drought tolerance.
- **Exposure/Soil:** Plant in full sun to partial sun (6+ hours of afternoon sun). Use slow release or water soluble fertilizer. Allow soil to dry slightly between waterings. Drought tolerant once established
- **Growth:** Fast growing evergreen foliage 24-30in. high, flower spikes 32 to 36 in. tall and a width of 24-30".
- **Hardiness:** Zone 5b-9; Perennial. Very heat and drought tolerant!
- **Foliage:** Semi-evergreen. Grass-like foliage provides textural contrast to bold-leaved perennials
- **Flower:** This bicolor variety is one of gardener favorite! Tangerine orange buds open to creamy white flowers.
