Heat and sun tolerant; flowers all season; low maintenance.

Lantana 'Havana Series'

- **Use:** Tropical appearing shrub, but hardy! Plant characteristics are similar to other Lantanas. Fine for mass plantings and banks, or containers for poolside...attracts butterflies. Deer and rabbit resistant. Excellent planted in mass or in borders.
- **Exposure/Soil:** Full sun– part sun. Drought tolerant once established. Needs at least 6 hours afternoon sun.
- **Growth:** Short, mounded variety, reaching 8 to 12 inches tall and 10 to 12 inches wide.
- **Hardiness:** Zone 9-11, Annual/Tender perennial. **Do not cut back stems until April.** Water in the hollow stems will freeze out the roots in winter. Mulch heavily around the plant
- **Foliage:** Deciduous. Cutting grown. Fresh green foliage has a lemony smell.
- **Flower:** Striking flowers that bloom non-stop until fall frosts. Flat flowers are perfect for butterflies to land.
