

# REALFLOR® Real Goldcup Shasta Daisy

## *Leucanthemum × superbum* 'Real Goldcup' "L1209-1" PPAF

- **Use:** Stunning new Shasta Daisy with long lasting, large, bright yellow blooms. Excellent garden performer and sturdy stems make it ideal for cut flowers. Leucanthemums, also known as Shasta Daisies, are used for both cut flowers and garden highlights while also providing food and habitat for many kinds of pollinators. Enjoy this beauty in the garden as a medium-height bright spot (great for moonlight gardens) that will provide years of beauty with very little maintenance other than deadheading spent blooms if desired, but not necessary.
- **Exposure/Soil:** Plant in full sun to partial sun. Use slow release or water soluble fertilizer. Keep soil moist watering under leaves and flowers for best results. Drought tolerant once established.
- **Growth:** Fast growing to 36" tall in bloom. Spreads to 18" in width.
- **Hardiness:** **Zone** 4-9 Perennial. Very heat tolerant! Mulch around plant in the winter.
- **Foliage:** Deciduous. Green leaves.
- **Flower:** Bright sunshine yellow flowers, blooms are colorfast with no color phasing, and flowers have bold golden yellow centers carried on very strong stems. A great variety for cut flowers. Deadhead to encourage continuous bloom.

**Shastas mix so effortlessly with other perennials that no garden should be without them!**
