

Floristan Series Blazing Stars/ Gayfeather

Liatrix spicata 'Floristan Series'

- **Use:** They are equally at home in large, established perennial borders, where their thin, tall, airy floral wands create a mesmerizing "pop-up" effect. A clump forming perennial that has long lasting, fuzzy summer flowers in a pink-purple color. Attracts butterflies/hummingbirds, deer resistant, and drought tolerant.
- **Exposure/Soil:** Full sun. Provide well-drained, moist soil, but not soggy. Use a slow release fertilizer. Looks best with occasional to regular irrigation.
- **Growth:** Grows upright to 3-4' tall with 1 1/2" wide
- **Hardiness:** Zone 3-9, Perennial
- **Foliage:** Deciduous. Thin green leaves.
- **Flower:** Unusual spikes of purple or white flowers.

Super easy to grow and cheery, purple stalks attract butterflies.
