

21st Century Mixture Phlox

Phlox drummondii '21st Century' Series

- **Use:** With its hybrid vigor, 21st Century is more adapted to a wide range of growing conditions in the garden compared to other garden phlox. Cool season plant is perfect for landscapes and mixed containers. Best yet, this mixture also withstands hot and humid conditions.
- **Exposure/Soil:** Full sun or morning sun/afternoon shade. Prefers moist, well drained soil, but is fairly drought tolerant once established. Poor drainage is a death sentence for this plant. Water under foliage.
- **Growth:** Grows 10" tall and 10" wide. Plants will spread and can form large colonies over time.
- **Hardiness:** Zone 3-10; Perennial
- **Foliage:** Evergreen, Green foliage.
- **Flowers:** Attracts bees and butterflies making it the perfect low growing pollinator.

This new hybrid can tolerate some light frosts, but also holds up in summer heat.
