

# Glamour Girl Garden Phlox

## *Phlox paniculata* 'Glamour Girl' PP25778

- **Use:** This long-legged beauty stands tall, proudly showing off large panicles of hot coral pink flowers held on dark purple stems. The oldest flowers in the panicles are a beautiful shade of light coral pink. The flowers attract butterflies and are deer resistant. 'Glamour Girl' maintains bright green, healthy looking foliage on strong stems all summer, putting on a flower show in mid through late summer. This variety powers through hot, humid summers with ease and is one of our most powdery mildew resistant cultivars.
- **Exposure/Soil:** Prefers full sun to part sun. Water when top 3" of soil is dry. Does not like sprinklers, water soil not leaves.
- **Growth:** Fast growth of 32" x 18-24" wide
- **Hardiness:** Zone 4-9 Perennial.
- **Foliage:** Deciduous; The foliage is dense and compact with deep green, lance-shaped leaves. Extremely mildew resistant bright green foliage remains attractive all season.
- **Flower:** Large panicles of hot coral pink flowers bloom on strong dark purple stems. Butterflies and hummingbirds can't seem to resist this glamorous beauty either.

These perennials are a favorite of gardeners around the world and a staple of North American native gardens. Be sure to locate these plants in full sun for the best flowering performance and to help avoid powdery mildew concerns. A favorite of pollinators.
