

# Purple Garden Phlox

## *Phlox paniculata* 'Laura'

- **Use:** If you love flowers with rich, saturated colors (and who doesn't!), Phlox 'Laura' is a "must have" cultivar for your perennial flower beds. The plant's foliage has excellent mildew resistance making it a wonderful, low maintenance garden phlox. The flowers attract butterflies and are deer resistant.
- **Exposure/Soil:** Prefers full sun to part sun. Water when top 3" of soil is dry. Does not like sprinklers, water soil not leaves.
- **Growth:** Fast growth of 24-30" x 18" wide
- **Hardiness:** 4-9 perennial.
- **Foliage:** Deciduous; The foliage is dense and compact with deep green, lance-shaped leaves with prominent veins.
- **Flower:** The white-eyed deep lavender-purple flowers are deliciously fragrant.

**Fast and very easy to grow!**
