

Salvia 'Black & Blue'

Salvia guarantica 'Black & Blue'

This is our favorite new plant!
Puts a lantana to shame with all of it's blooms, growth, and strength. Exciting NEW plant!

- **Use:** Right now this is our favorite garden perennial. Quickly grows into a large ball of sapphire blue flowers which attracts loads of hummingbirds. Deer resistant too!
- **Exposure/Soil:** Plant in full sun to partial sun. Use slow release or water soluble fertilizer. Keep soil moist watering under leaves and flowers for best results. Drought tolerant once established
- **Growth:** Full, well branched plants grow QUICKLY to 3-4' tall and wide in one season..
- **Hardiness:** 7-9 perennial. Very heat tolerant! Mulch around plant in the winter.
- **Foliage:** Fragrant, green leaves. Deciduous. Cutting grown. Pinch back tips occasionally for a super bushy plant.
- **Flower:** Flower spikes are covered with beautiful deep blue flowers that are just outstanding! Nonstop profusion of color from April until late October!
