

# Dazzle Berry Stonecrop

Part of the SunSparkler Series, these enticing beauties are selected for their dazzling flower and foliage hues. Foliage colors are retained from spring through fall. Compact habit forms a solid mat of foliage. Excellent as an underplanting or lovely cascading down a slope and for use on green roof systems.

## *Sedum 'Sunsparkler' Dazzleberry'*

- **Use:** This brilliant new sedum lives up to its name, blooming earlier than most, with huge, brilliant raspberry colored flower clusters that are up to nine-inches in diameter! Disease resistant foliage retains its fantastic smoky blue-grey color from spring through fall. Spreads to form colorful clumps. Evergreen in mild winter regions.
- **Exposure/Soil:** Plant in full sun, but will tolerate some shade. Prefers well-drained soil, but it will tolerate most soil types and is drought resistant.
- **Growth:** Fast growing; forms foliage clumps 6 to 8 in. tall, 18 in. wide.
- **Hardiness:** Zone 4-9; Perennial
- **Foliage:** Deciduous. Succulent green apple leaves are edged in cherry red.
- **Flower:** Wow! Fabulous color impact – even from a distance. Huge raspberry flower clusters completely engulf the smoky blue-grey, wide mounds of foliage. One of the earliest fall-blooming Sedum varieties.
