

# SunSparkler® Dazzling Dynamite Sedum

**Colorful foliage.  
Excellent addition to rock  
gardens and pathways. Drought  
tolerant and so easy to grow! Very good at  
controlling weeds also once established.**

## ***Sedum (Hylotelephium) hybrid 'Dazzling Dynamite' PPAF***

- **Use:** This exciting new SunSparkler® sedum comes from breeder Chris Hansen for Proven Winners and adds much needed late summer color to the front of your perennial border. Did we mention it's drought-resistant? Plant this sedum in the garden as a groundcover or in a container, and be wowed by its significant color impact and low-care needs. While this variety of sedum will go dormant in winter, come spring, you can expect its stunning foliage to return and dazzle you once more. Drought tolerant.
- **Exposure/Soil:** Plant in full sun, but will tolerate some shade. Prefers well-drained soil, but It will tolerate most soil types and is drought resistant.
- **Growth:** Grows 4-6" tall and 16-18" wide
- **Hardiness:** Zone 3-9; Perennial
- **Foliage:** Deciduous. Succulent fiery orange foliage and hot pink edges contrast a deep purple center
- **Flower:** Giant 6-8" raspberry-colored flowerheads that encompass the dazzling foliage for over seven weeks. These brilliant blooms are visible for over 200 feet, making them a spectacle for those passersby and a magnet to butterflies.
