

Autumn Charm™ Stonecrop

Sedum telephium 'Lajos'

- **Use:** A variegated sport of Sedum Autumn Joy. Light green leaves with a buttery white band on the serrated edges of each leaf. A very stable mutation and incredibly showy. White buds open to rosy pink, then brick red tones develop in the flower-heads as fall arrives. Good winter interest. It is also a great butterfly attractor and is disease resistant.
- **Exposure/Soil:** Plant in full sun. Prefers well-drained soil, but it will tolerate most soil types and is drought resistant.
- **Growth:** Quickly reaches 10 to 15 in. tall and wide.
- **Hardiness:** Zone 3-9; Perennial
- **Foliage:** Deciduous. Creamy yellow edges (turning more white later in year) with green centers.
- **Flower:** In mid-September white buds turn to pink, then russet red.

Drought tolerant and so easy to grow!
