

Divinity Stoke's Aster

A beautiful and easy to grow native perennial that attracts butterflies.

Stokesia laevis 'Divinity'

- **Use:** Suited for the front of the border at only 1' tall, this summer bloomer brings a touch of crisp white to a hot sunny Southern garden. Considered drought tolerant once established. Remains evergreen in warmer climates, and appreciates a little afternoon shade. Attracts butterflies! Beautiful combined with blues, pinks or purples in the garden.
- **Exposure/Soil:** Full to part sun. During the winter they prefer well-drained soils. Water regularly, when top 3 in. of soil is dry.
- **Growth:** Grows 12-18" tall and 18-24" wide with a moderate growth rate.
- **Hardiness:** **Zone** 5-9 Perennial; May reseed under good conditions though it may be unlikely to where mulched.
- **Foliage:** Deciduous. forms a rosette clump of strap like leathery leaves. This perennial can be divided and should be every 3 years.
- **Flower:** With its large white blooms borne on strong stems, is an American native that looks good all summer. Flowers open with a hint of yellow and mature to pure white.
