

Royal Blue Speedwell

This perennial is valued for its easy of growth and long bloom time. It can tolerate both full sun and partial shade. It is great for edging the front of your flower-beds.

Veronica austriaca subsp. teucrium 'Royal Blue'

- **Use:** A carefree, mound-forming Veronica. Long spikes of starry-shaped, rich gentian blue flowers are produced over tall, upright foliage. Veronica provide some of the clearest true blues available in perennials. Neat tidy plants have glossy foliage and will fill in without overpowering. Long-lasting color.
- **Exposure/Soil:** Full sun to very light shade (too much shade and middles will hollow out). Well-drained soil is key to successful culture.
- **Growth:** Grows 12-14" tall and wide.
- **Hardiness:** Zone 4-8; Perennial, Must be mulched in the winter.
- **Foliage:** Deciduous. Long, dark green glossy foliage.
- **Flower:** Long spikes of starry-shaped, rich gentian blue flowers are produced over refined, upright foliage. Habit is showy and full.
