

# Twilight Collection Pansy

A NEW AND  
UNUSUAL PANSY FOR  
THE COLLECTOR!

## *Viola 'Twilight Collection'*

- **Use:** These pansies are a visual feast, with intricate, velvety textures and ruffled edges that evoke the elegance of a starry night. Deep blues, sultry reds, vibrant wine hues, and snowy whites intermingle seamlessly to create a mesmerizing display unlike anything else on the market. Each flower is a testament to pushing the boundaries of traditional breeding and bringing spectacular, one-of-a-kind beauty to every garden.
- **Exposure/Soil:** Plant in full sun to light shade. Must amend the soil if you have poor soil (like red clay). Require different fertilizer than most plants as they grow in the winter. Use slow release or water soluble fertilizer with Nitrate (not Ammonium) Nitrogen form of fertilizer.
- **Growth:** Just 6 to 8 inches high, and 8-10" wide.
- **Hardiness:** Zone 6-11; Perennial, but treated as an Annual as they are not attractive in the summer, but can survive with other plants shading them until fall when they will return. Will reseed.
- **Foliage:** Evergreen in winter; dainty foliage.
- **Flower:** XXL flowers are profusely ruffled and come in blue, white, wine, and red.
