

Confetti Glossy Abelia

Abelia grandiflora 'Confetti'

- **Use:** Offers finely textured medium green foliage variegated with creamy white and pink. Pale pink tubular flowers appear in late summer or fall. This rounded, semi-evergreen shrub grows to about 3 feet tall and 4 feet wide. Perfect as a low accent plant, in mass landscape plantings or as a container plant. Deer resistant.
- **Exposure/Soil:** Full sun to part sun; moist, well drained soil; dislikes wet sites. Water regularly, when top 3 in. of soil is dry.
- **Growth:** The tight compact habit reaches 3' x 5' at maturity and holds a beautiful form throughout the season.
- **Hardiness:** Zone 6 -9; Shrub
- **Foliage:** Evergreen. The variegated foliage of Confetti appears almost white during the warm season, then taking on a rosy-pink cast during the cool season.
- **Flower:** Mildly fragrant, small white flowers that attract butterflies are produced during the summer

Fragrant blooming shrub with year round interest.
