

Super Gold Abelia

Long-blooming shrub with bright and cherry foliage.

Abelia x grandiflora 'Super Gold'

- **Use:** Super Gold is a head-turning dwarf Abelia producing stunning, bright golden-yellow leaves on compact, mounding, evergreen plants. The leaves contrast beautifully with the red new stems. An abundance of fragrant, white to light pink flowers are produced during summer into fall attracting butterflies and hummingbirds. Deer resistant.
- **Exposure/Soil:** Full sun to part sun; moist, well drained soil; dislikes wet sites. Water regularly, when top 3 in. of soil is dry.
- **Growth:** The mounded, and tightly-branched shrub remains small, with a height of 3-3.5' feet tall and 3-4 wide.
- **Hardiness:** Zone 6 -9 Shrub
- **Foliage:** Evergreen. Golden foliage is an excellent foil for other plants in the garden.
- **Flower:** White to light pink fragrant flowers summer-fall.
