

# Sunjoy® Gold Pillar Barberry

## *Berberis thunbergii* 'Maria' USPP 18,082

- **Use:** This is an easy way to add both vertical lines and bright color to your home landscape. Similar in shape to 'Helmond Pillar' barberry, but with orange-red new growth that matures to vivid gold. Autumn brings stunning orange-red color. Proven to be burn resistant in side by side tests with other yellow leaf barberry. Plant Sunjoy Gold Pillar barberry as a low-maintenance hedge or edging, or add it to a border as a specimen plant.
- **Exposure/Soil:** Adaptable, but prefers well-drained soil. Best in full sun. Tolerates urban conditions like parking lots, street plantings. Pruning is seldom needed, but may be shaped in summer if necessary. Good drainage imperative, no red clay soils unless amended.
- **Growth:** Grows 3-4 tall and 18-24" wide.
- **Hardiness:** Zone 4-8; Shrub
- **Foliage:** Deciduous. Bright golden foliage and red new growth. Orange-red autumn foliage is stunning. Proven to be burn resistant in side by side tests with other yellow leaved barberry.
- **Flower:** Not known for flowers.

Top reasons to grow Sunjoy Gold Pillar barberry:

- Versatile, appealing shape adds drama and flair
- Bright gold color doesn't burn in the sun
- Very deer resistant
