

Renaissance™ Better Boxwood

Ideal for low hedges, borders, and parterre gardens. Its compact form and year-round color make it perfect for

creating neat, formal lines in any landscape.

Buxus hybrid 'HER2010B04' PP32273

- **Use:** This cultivar is ideal for creating pristine low hedges, intricate topiaries, and beautiful parterres, all while maintaining its appearance year-round with minimal maintenance. Its compact growth habit ensures a dense, lush appearance, making it suitable for both formal and casual garden settings. An excellent choice for low-growing hedges, layering, and patio containers. Sustainably bred for disease resistance, Renaissance requires less pruning and holds its color better than traditional varieties, offering a resilient and beautiful solution for your landscape. A versatile and sustainable choice for any setting.
- **Exposure/Soil:** Prefers full sun to part shade. Keep surface of soil moist, but not soggy. Ideal for layering applications, public green spaces, and as a mass planting. Its spreading habit and robust root system make it adaptable to a variety of soil conditions and landscaping needs.
- **Growth:** Moderate grower to 3 ft. tall and 4-5' wide, when unpruned. Babylon Beauty has a low spreading growth if not pruned, which makes it an excellent mass planting option.
- **Hardiness:** Zone 5-10; Shrub
- **Foliage:** Evergreen; Densely branched, the tiny, green foliage is abundant and adds a distinctive note to the landscape, retaining its color particularly well in winter.
- **Flower:** Spring flowers are inconspicuous.
