

NewGen Freedom Boxwood

Buxus 'NewGen Freedom'® 'SB 300' PP32421

- **Glossy Ever green Foliage**
 - **Vigorous Rounded Growth Habit**
 - **Excellent Disease Resistance**
 - **Four Seasons of Color**
 - **Great for Low Formal Hedge**
 - **Adds Texture to Flower Beds**
 - **Attracts Beneficial Pollinators**
 - **Use in Containers**
 - **Deer Resistant**
- **Use:** Beautiful, glossy green foliage adorns this relatively vigorous, rounded boxwood that is slightly taller than wide. The habit of NewGen Freedom® is more uniform and tighter than 'Winter Gem' or 'Wintergreen' making it an excellent choice for formal and residential landscapes. Deer resistant!
 - **Exposure/Soil:** Only requires well-drained soil and prefers shading and wind protection in winter if grown on an exposed site. Tolerates some drought and will grow in dry soil but prefers well-drained, loamy, sandy or clay soils with a pH of acidic to slightly alkaline (6.8-7.7)
 - **Growth:** Growth (3-6" per year) in 15 years (3.5' Tall and 3.5' Wide) 25 years (5' Tall and 5' Wide) if unpruned. Should be pruned each year in late winter to early spring. If not pruned, the plant will tend to open up in the center, especially in spring when new foliage is wet and young. Very resistant to boxwood leafminer and shows good resistance to boxwood blight.
 - **Hardiness: Zone 5-8; Shrub**
 - **Foliage:** Evergreen; This broad-leaved evergreen flushes beautiful glossy medium green foliage during the warm months
 - **Flower:** Spring flowers are inconspicuous.
