

White by the Gate Camellia

Camellia japonica 'White by the Gate'

- **Use:** Produces a nearly continuous display of pure white, perfectly formed, double Camellia flowers over an extended period from early to late season in our gardens. A long time favorite with an upright to rounded habit. The contrasting, dark green foliage creates the perfect foil for the pure white flowers.
- **Exposure:** Prefers sheltered site, sunny or shade. Best in moist, acidic, organically amended, well-drained soil.
- **Growth:** Moderate growing to 8-12' ft. tall and 6-10' wide, larger with age.
- **Hardiness:** Zone 6-9; Shrub
- **Foliage:** Evergreen; Vigorous, compact, upright, evergreen shrub, valued for glossy green foliage.
- **Flower:** Spherical buds open to display snow white blossoms late in the season. Prune only right after blooms fade.

**Tolerates
heat and
humidity
well!**
