

Glen 40 Camellia

Gorgeous flowers that are deer resistant and bring interest to the winter garden! Use as a stand-alone statement or massed for a flowering privacy screen.

Camellia japonica 'Glen 40'

- **Use:** Camellias are used as specimen large shrubs, shrub borders and screens. The main ornamental feature is their showy flowers in colder winter months when other plants are dormant.
- **Exposure:** Thrives in either full sun with good irrigation (and some work), but prefers partial sun (Morning Sun) . Must amend the soil! As they hate red clay! Water regularly, when top 3 in. of soil is dry.
- **Growth:** Moderate grower 6-8' tall and wide, but taller over 20 years. Space plants 4'-6' apart to create a hedge. Prune only right after flowering.
- **Hardiness:** Zone 6-9; shrub
- **Foliage:** Evergreen. Shiny, rich dark green leaves.
- **Flower:** Spectacular, deep red, formal double blooms are displayed against glossy, dark green foliage.
