

Scentsation Camellia

Gorgeous flowers that are deer resistant and bring interest to the winter garden!

Camellia japonica 'Scentsation'

- **Use:** Camellias are used as specimen large shrubs, shrub borders and screens. The main ornamental feature is their showy flowers in colder winter months when other plants are dormant. Cut the flowers to bring indoors in a vase or float them in a bowl of water.
- **Exposure:** Thrives in either full sun with good irrigation (and some work), but prefers partial sun (Morning Sun) . Must amend the soil! As they hate red clay! Water regularly, when top 3 in. of soil is dry.
- **Growth:** Can grow 10-12' tall and 8-10' wide. Space plants 8' apart to create a hedge.
- **Hardiness:** Zone 6-9; Shrub
- **Foliage:** Evergreen. Shiny, rich dark green leaves.
- **Flower:** Features large, 4 to 5 inch diameter sweetly fragrant and gorgeous peony form flowers with bright lavender-blushed, wavy pink petals and bright-golden stamens peaking out from between.
