

# Seafoam Camellia

Tolerates heat and humidity well!

## *Camellia japonica* 'Seafoam'

- **Use:** Sea Foam is one of the most beautiful and vigorous white Camellia Japonica hybrids of the last 100 years producing medium to large pure white, fully double, perfect form Camellias with elegantly cupped petals in mid to late season. Exquisite! It has an upright to rounded growth habit with large, rich dark green, glossy foliage. This stunning 1960's Camellia is the top choice in white Camellias. Vigorous growth, profuse blooms and the ability to grow in the sun are the things that make this plant spectacular.
- **Exposure:** Prefers sheltered site, prefers a little bit of shade form afternoon sun, and any well drained neutral/acid soil.
- **Growth:** Moderate growing to 6 to 8 ft. tall and wide, larger with age.
- **Hardiness:** Zone 6-9; Shrub
- **Foliage:** Vigorous, compact, upright, evergreen shrub, valued for small pale green foliage.
- **Flower:** Admired for its pure white, formal double blooms from December through March. Prune only right after blooms fade.
