

# Tomorrow Camellia

Gorgeous flowers that are deer resistant and bring interest to the winter garden!

## *Camellia japonica 'Tomorrow'*

- **Use:** The Camellia Japonica Tomorrow produces a rich display of dense foliage and large, bright strawberry red, double flowers. The flowers are perfect for cutting and use in indoor flower arrangements or float just one in a bowl of water. It is a hardy, long living plant that likes acidic soil. It looks great in a feature pot and also makes a wonderful hedge or espalier.
- **Exposure:** Thrives in either full sun with good irrigation (and some work), but prefers partial sun (Morning Sun) . Must amend the soil! As they hate red clay! Water regularly, when top 3 in. of soil is dry.
- **Growth:** Can grow 10-12' tall and 6-8' wide. Space plants 4'-6' apart to create a hedge.
- **Hardiness:** Zone 7b-9; shrub
- **Foliage:** Evergreen. Shiny, rich dark green leaves.
- **Flower:** Large– extra large flowers are pink, rose-form to peony in late winter– early spring.
