

Victory White Camellia

Tolerates heat and humidity well!

Camellia japonica 'Victory White'

- **Use:** Garden gleam and opulence with ease are one in the same when it comes to the stunning Victory White Camellia. A stronger, hardier variety of the fan-favorite April Snow, Victory White simply WOWS.
- **Exposure:** Prefers sheltered site, prefers a little bit of shade from afternoon sun, and any well drained neutral/acid soil.
- **Growth:** Moderate growing to 8 to 10 ft tall and 6 to 8 ft. wide. Prune immediately after flowering.
- **Hardiness:** **Zone** 6-9; Shrub
- **Foliage:** Evergreen. Dark and glossy green leaves offer a healthful, rich look you'll love.
- **Flower:** Admired for its pure white, formal double blooms from December through March. Clip off your favorite, fresh florals and bring them inside for centerpieces, gifts and more. Plus, they're wonderful when planted and placed by the patio, pool or porch since their sweet scent enchants year after year. Prune only right after blooms fade.
