

# Camellia sasanqua 'Brandy's Temper'

## *Camellia sasanqua 'Brandy's Temper'*

- **Use:** Camellias are used as specimen shrubs, shrub borders and screens. The main ornamental feature is their showy flowers in colder winter months when other plants are dormant. Similar to *C. japonica* but tends to be smaller and more refined. Smaller leaves. Compact grower with a pendulous bushy habit. Heavy bud set.
- **Exposure:** Thrives in partial sun (Morning Sun), but may tolerate full sun with good irrigation, excellent soil (and some work!), . Must amend the soil! They hate red clay! Water regularly, when top 3 in. of soil is dry.
- **Growth:** Can grow 5' tall and 3' wide. Space plants 3' apart to create a hedge.
- **Hardiness:** 6-9; shrub
- **Foliage:** Evergreen. Shiny, rich dark green leaves.
- **Flower:** Dark pink, semi-double blossoms from September to November. Fragrant blossoms eventually drop their petals like snow; creating a great late autumn scene.

Gorgeous  
flowers  
brighten the  
winter  
landscape!
