

Just Chill™ Double Mauve

Top reasons to grow Just Chill Double Mauve camellia?

- Bright fall flowers
- Glossy dark green foliage
- Makes a great hedge

Camellia x 'FARROWCJH' PP36117

- **Use:** The abundant and colorful blooms of the Just Chill camellia series light up the fall garden! Especially gardens with a bit more chill in the air, as these beauties were selected for their improved cold hardiness. The thick evergreen foliage adds drama and good texture to the garden year round, making these moderately large shrubs good for the middle of the border and perfect as hedging. Just Chill™ Double Mauve camellia has mauve-pink flowers, easily popping in the fall garden.
- **Exposure:** Prefers morning/middle of the day sun with afternoon shade (to prevent foliage burn in late summer). Must amend the soil! Water regularly, when top 3 in. of soil is dry.
- **Growth:** Upright growth of 5-8' tall without pruning. Spacing 3-4' apart to create a tall/solid hedges.
- **Hardiness:** Zone 6b-9b; Shrub
- **Foliage:** Evergreen. Dark green, glossy foliage is an excellent foil for flowers in the garden year round.
- **Flower:** Each bright pink-mauve semi-double flower opens to an elegant bowl-like shape. Excellent for cutting and use in indoor floral displays or float just one flower in a bowl of water.
