

Italian Cypress

**Bring the elegance of
Tuscany to your garden!**

Cupressus sempervirens

- **Use:** Outstanding classic Mediterranean cypress with attractive blue-green foliage. An ideal conifer to dominate a landscape with its densely branched, narrow columnar form. Can use in containers as a specimen plant for a few years.
- **Exposure/Soil:** Full to part sun. During the winter they prefer well-drained soils. Once established needs only occasional water.
- **Growth:** Fast grower to 60 to 80 ft. tall, 2 to 3 ft. wide.
- **Hardiness:** 5-10 Shrub
- **Foliage:** Outstanding classic Mediterranean cypress with attractive blue-green foliage. Evergreen
- **Flower:** Not know for flowers.
