

# Blue Cascade Distylium

With its heat and drought tolerance, it is the perfect plant to use as a specimen or grouping in any size garden.

## ***Distylium 'Blue Cascade'***

- **Use:** Dense and compact evergreen shrub with resistance to disease and insects. Cascading matte blue-green foliage creates a layered effect. Excellent in cut flower arrangements. Reddish maroon flowers bloom late winter into early spring. Tolerates heat, drought and varied conditions, making it a versatile choice for borders or mass plantings.
- **Exposure/Soil:** Grows in full to part sun. Water regularly, when top 3 in. of soil is dry. Will also grow in wet soils. One clear advantage is that the plants require very little pruning.
- **Growth:** Reaches 3 to 4 ft. tall and wide.
- **Hardiness:** Zone 6-9; Shrub
- **Foliage:** Evergreen; featuring matte blue-green foliage with a cascading, layered habit
- **Flower:** Very small reddish maroon flowers appear in late winter, which also gives this plant some nice seasonal interest too.
