

# Believe It Or Not® Variegated Yellow Bells

They are most known for their bright yellow flowers that come early in the spring. Allowed to create its natural form, the branches create an arching display of glorious color. Most varieties grow into large bushes and can be used as privacy walls and for erosion control on slopes and in foundation plantings.

## *Forsythia x 'MNICHI01' PPAF*

- **Use:** Love the yellow blooms of forsythia? With Believe It or Not®, you can enjoy that warm yellow glow from spring until fall, thanks to this new selection's exciting variegated gold foliage! The golden coloring holds up well all season, and the natural hardiness of this classic favorite makes this an easy to grow, easy to enjoy addition to any garden.
- **Exposure/Soil:** Prefers full sun to part sun. Water regularly, when top 3 in. of soil is dry.
- **Growth:** Moderate growing 4-5' tall and 4-5' wide.
- **Hardiness:** Zone 5a– 8a; Shrub
- **Foliage:** Deciduous. Variegated yellow and green foliage.
- **Flower:** Early spring will bring a festival of 1-1.5" bright yellow flowers along the entire length of the stem. Great as a cut flower too. Far superior show of blooms compared to older cultivars of yellowbells.
