

# Gardenia 'Kleim's Hardy'

The hardiest of the Gardenias in a versatile, dwarf size.

## *Gardenia jasminoides* 'Kleim's Hardy'

- **Use:** Great in containers, raised beds and in the foreground of borders. Most loved for the fragrance that will fill your garden.
- **Exposure/Soil:** Prefers part shade. May grow in full sun, but will need more care to keep correct watering and would need regular irrigation. Plant in a well-draining soil and appreciates slow release fertilizer. Water regularly.
- **Growth:** Slow-growing, low mounded form to 2 to 3 ft. high and wide.
- **Hardiness:** 7-9; shrub
- **Foliage:** Glossy green, evergreen.
- **Flowers:** Flowers are star-like with five petals late spring into summer.
