

Steady As She Goes Gardenia

Gardenia jasminoides 'Steady As She Goes'

- **Use:** A Gardenia you can depend on! This introduction from Phil Dark gives you everything you need - heat tolerance, cold hardiness, and best of all, continuous blooming. You won't have to worry about flower buds dropping off due to bad weather, Steady as She Goes™ will keep blooming up until frost. All the while being complemented beautifully by glossy, evergreen foliage.
- **Exposure/Soil:** Prefers part sun! (May tolerate full sun, but then must have irrigation or good watering schedule!) Prefers well-draining soil and appreciates slow release fertilizer. RED CLAY MUST BE AMENDED! Water regularly, but does not like wet feet.
- **Growth:** Moderate grower to 3-5 feet tall, and 4-7' wide.
- **Hardiness:** Zone 7-10; Shrub
- **Foliage:** Evergreen; Glossy green leaves.
- **Flowers:** Fragrant white blooms begin in late spring, reblooming summer through fall.

Create a stir in your garden with re-blooming tiny, fragrant single white blossoms spring to fall. Enjoy intoxicating early blooms against dark evergreen foliage.
