

Straight & Narrow Holly

This shrub is perfect for screening, marking the edge of your property line, or as a handsome container specimen. One on each side of your front door

will make for a grand statement.

Ilex crenata 'Straight & Narrow'

- **Use:** This Japanese holly is certain to live up to its name. Straight & Narrow is exactly that. This plant has strong branches that remain upright and don't splay out as it ages or faces the elements. The shiny dark green leaves look nice even through the winter. Destined to become THE columnar Japanese holly for the landscape.
- **Exposure/Soil:** Full sun to part shade. Use slow release fertilizer for best results. Water regularly, when top 3" of soil is dry.
- **Growth:** With a mature height of 6-8' and only 2-3' in width, it's a wonderful plant to use for small areas where privacy is wanted..
- **Hardiness:** Zone 6-8, Shrub
- **Foliage:** Evergreen. Small green leaves. Won't let your winter go gray. This broadleaf evergreen will look stunning from fall to winter and back, again.
- **Flower:** Not known for flowers.
