

# Burk Eastern Red Cedar

**Can grow in a patio planter for 2-3 years and then you can transfer to the garden.**

## ***Juniperus virginiana 'Burkii'***

- **Use:** Narrow to broad pyramidal shrub growing 10 to 25 feet high. Leaves are acicular and scale-like with a dull blue band above, narrow green margin, and green beneath. They take on a slight purplish cast in winter. Male. Excellent for use as screen, background or accent. Withstands a wide variety of soils and growing conditions. Very long lived.
- **Exposure/Soil:** Prefers full sun. Water regularly, when top 3 in. of soil is dry during establishment. Little water needed once established.
- **Growth:** Fast grower to 10-20 ft. tall, 4-10ft. wide at the base.
- **Hardiness:** 6-9 shrub, small tree
- **Foliage:** Evergreen. Maintains form well with practically no shearing. Holds winter color well unlike many Thujas and Leylands.
- **Flower:** No noticeable flowers.
