

Sunshine Chinese Privet

**Let the Sunshine in!
Brightens any space
with its striking semi-
evergreen golden foliage**

Ligustrum sinense 'Sunshine'

- **Use**: Ideal as a low-growing hedge and fast-growing in the landscape. This sterile cultivar will not re-seed into the landscape. Sunny, year-round golden foliage makes for a beautiful garden.
- **Exposure/Soil**: Full (best color)/part sun; well-draining soil and appreciates slow release fertilizer. Drought tolerant once established.
- **Growth**: Moderate-fast grower of 3-4' tall and 3-4' wide
- **Hardiness**: Zone 5-9; Shrub
- **Flower**: White, fragrant flowers in the spring-summer.
- **Foliage**: Foliage is painted with orange overtones in cooler weather.
