

Ever Red Mini Fringe Flower

Loropetalum chinense 'Ever Red Mini' 'CANRL01' PPAF

- **Use:** Add some brilliance to the landscape with vivid pinkish-red fringe flowers in late winter to early spring. A low mounding form is easy to maintain with no pruning. Letting the natural shape grow allows for the best display of flowers. A compact variety bred from the very popular Ever Red® cultivar is part of the Ever Series® Loropetalum. Deer and disease resistant, and drought-tolerant, this plant is an excellent choice for use in a border, container, hedge, or specimen.
- **Exposure/Soil:** Water regularly, when top 3 in. of soil is dry. Use slow release fertilizer two times a year. Full– part sun(less foliage color in part sun).
- **Growth:** Moderate-growing to 3-4 tft. tall and 5-6' wide, but can be kept smaller. You may also train it on a trellis against a wall.
- **Hardiness:** **Zone** 7-9, Shrub
- **Foliage:** Evergreen. Extremely dark burgundy foliage retains its color throughout summer without fading like other varieties.
- **Flower:** Red hot blooms! **Blooms in late winter to early spring.**
