

Garnet Flame™ Dwarf Loropetalum

Loropetalum chinense 'LRD-02-20' PP34955

- **Use:** Burgundy foliage with profuse, hot pink fringe flowers. This evergreen shrub compliments lighter colored plants in the garden. Eye-catching in the front of the garden, mixed borders, or in containers.
- **Exposure/Soil:** Water regularly, when top 3 in. of soil is dry. Use slow release fertilizer two times a year. Full– part sun.
- **Growth:** Spreads nicely into a mound reaching 3 feet high by 3-4 feet wide.
- **Hardiness:** Zones 7-9, shrub
- **Foliage:** Evergreen. Some of the best dark burgundy foliage available in Loropetalums...
- **Flower:** Pink string clusters in spring

Would be wonderful planted en masse in any area where you'd like some color and definition. These do well on a bare side slope or organized as a hedge. You can also use in containers for you patio or pool area.
