

Fern Pine

**Versatile
specimen
plant!**

Podocarpus macrophyllus

- **Use:** Attractive lawn or patio tree. Pyramidal form takes to shearing well to become an effective accent, screen or clipped hedge. Will also thrive in tubs or as a topiary.
- **Exposure/Soil:** Prefers full sun to part sun. Water regularly, when top 3 in. of soil is dry.
- **Growth:** Slow grower kept to 10 to 15 feet tall or smaller, 6 to 8 feet wide or smaller when trimmed, larger with age. Very easy to keep them at any size you wish and has so many uses!
- **Hardiness:** 7-10 shrub, small tree
- **Foliage:** Evergreen
- **Flower:** Not known for flowers
