Rhododendron 'Roblea'

Encore® Series

- **Use:** These popular azaleas provide a snowstorm of blooms... over and over from spring right through autumn. Its compact growth habit makes it well suited as a hedge or as a specimen.
- **Exposure/Soil:** Provide 4-6 hours of full sun (morning best), for best blooms, with some shade during the afternoon heat to protect from burning. Water regularly, when top 3 in. of soil is dry. Feed twice a year with a slow release fertilizer. Prefers slightly acidic well drained soils.
- **Growth:** Moderate grower to 3.5 feet tall and 3 feet wide.
- **Hardiness:** Zone 6b-10b Shrub
- **Foliage:** Evergreen. The color does not end with the blooms. During the winter months, this variety's foliage turns a gorgeous burgundy hue.
- **Flower:** Salmon double 2" flowers add a striking stroke of beauty to any landscape in spring, summer, and fall.
