Rosa 'KORgeowim' PP26836

- **Use:** WOW! Parfuma® Earth Angel is an exceptionally fragrant peony-shaped rose with bright, glossy green foliage. This beauty is in high demand. Her upright form holds blooms in varying color from white to soft pink that change as the plant matures. An old-fashioned rose with a very unique fragrance, as her scent begins with a fruity top note of lemon, then champagne, a hint of elder flower and dash of raspberries. She is what we imagine “freshness” would smell like. Her finish is a light sweetness of fresh apples and a classic rose bouquet.
- **Exposure/Soil:** Full sun. Plant your rose in fertile, well-drained soil. Newly planted roses require regular watering until established. Water deeply when you plant it and whenever the top 3 inches of soil are dry to encourage deep roots. Roses do not like sprinklers so use a soaker hose or water underneath leaves.
- **Growth:** Grows 5' tall and 4' wide.
- **Hardiness:** Zone 5-11 Shrub
- **Foliage:** Deciduous. Dark green foliage is disease resistant
- **Flower:** This medium sized, fragrant beauty has 85-90 petals, light and creamy pink flowers. Has an apple, champagne, and sweet rose scent.
