

Rise Up™ Ringo® Climbing Rose

Rise Up™ Ringo® rose is a beautiful mini-climber with double golden yellow flowers featuring a bright red eye. Very healthy foliage and a very vigorous growth habit. Winner of the Warsaw Rose Trials Photographers Award and the Australian National Bronze Medal.

Rosa x 'ChewGateway'

- **Use:** The Rise Up™ series of roses are the first-ever climbing roses from Proven Winners ColorChoice Shrubs. We call them "mini climbers," as they keep a neat, dense habit and can be grown as a climber or a shrub rose, depending on how the gardener prunes or trains them. Coming to us from the rose breeding genius of Chris Warner in the UK, these vigorous, healthy, reblooming roses create a range of new applications for Proven Winners roses.
- **Exposure/Soil:** Full to part sun. During the winter they prefer well-drained soils. Water regularly, when top 3 in. of soil is dry.
- **Growth:** Grows 3-5' tall and 2-3' wide.
- **Hardiness:** Zone 4-8; Shrub
- **Foliage:** Deciduous. Disease resistant and robust.
- **Flower:** The double yellow flowers on Rise Up Ringo Climbing Rose will rock your garden with their moderate fragrance and sunny color. But the real stunner on this mini climbing rose is its bright red eye. Moderate fragrance.
