FLOWERING SHRUBS

Rosa x 'Ringo Star'

- **Use:** When you're this colorful, you only need five petals for big impact! The pleasing flowers of Ringo All-Star rose may look simple at first, but this plant packs in a lot of interest. The flowers start out a rich melon-orange with a cherry-red center. As each one ages, it transforms to lavender and pink, creating a look of multiple colors on one plant. A crown of fluffy yellow anthers bedecks the center and attracts pollinators. As with all Proven Winners roses, Ringo All-Star is disease resistant and low maintenance. No need to trim or deadhead to keep those fab flowers coming all season!
- **Exposure/Soil:** Full to part sun. During the winter they prefer well-drained soils. Water regularly, when top 3 in. of soil is dry.
- **Growth:** Grows 2-3' tall and 3' wide.
- **Hardiness:** Zone 4a-8b; Shrub
- **Foliage:** Deciduous. Unsurpassed resistance to black spot leaf disease.
- **Flower:** Features single flowers with a unique color blend of melon-orange and pink that age to lavender for a multi-colored effect. A distinctive cherry-red eye and sunny yellow stamens make the blooms even more intriguing.
