

# Romantica® Moonlight Rose

## **Rosa 'Meikaquinz' PP30572**

- **Use:** Moonlight Romantica® is the Hybrid Tea that thinks she is an English rose. Very full, fragrant flowers and excellent disease resistance are the top qualities that stand out for this light yellow rose. Her gentle color contrasts well with the medium green foliage, and her blooms overflow with 50+ petals each. Moonlight Romantica® loves full sun and will grow as tall as 6' as she blooms in flushes throughout the season! She makes an extremely fragrant cut flower for all of your arrangements.
- **Exposure/Soil:** Full sun. Plant your rose in fertile, well-drained soil. Newly planted roses require regular watering until established. Water deeply when you plant it and whenever the top 3 inches of soil are dry to encourage deep roots. Roses do not like sprinklers so use a soaker hose or water underneath leaves.
- **Growth:** Grows 6' tall and 3-4' wide.
- **Hardiness:** Zone 5-11 Shrub
- **Foliage:** Deciduous. Dark green foliage is disease resistant
- **Flower:** This large, fragrant beauty has 50 petals, light yellow flowers with a sometimes white tint on edges. Has fresh fruit, honey, and sweet scent.

**Strong Fragrance • Excellent Disease Resistance • For Cutting & Bringing Inside**  
**Extremely fragrant rose with large, light yellow flowers. Beautiful, disease-resistant foliage. A wonderful rose for cutting.**
