

Tangerine Skies Arbor Rose

Gorgeous repeat blooming climbing Rose.

Rosa 'Tangerine Skies Arborose'

- **Use:** Allow Tangerine Skies Arborose® Climbing Rose to climb high in your garden and light up the landscape with its gorgeous orange color. This sun-loving climber is eager to please and will reach heights of up to 8 feet. Perfect for tall trellises or arbors, Tangerine Skies Arborose® Climbing Rose has welcoming beauty and heavy scent that will astound and stun all who walk by. The brilliant blooms comes in a range of citrusy shades such as orange, peach, and mango and look stunning set against its glossy dark green foliage.
- **Exposure/Soil:** Full to part sun (must be 6+ hours though). They must have well-drained soils, so if you have red clay you must amend it. Water regularly, when top 3 in. of soil is dry. Keep water off the leaves (no sprinklers/ don't water leaves.)
- **Growth:** It can be grown as a climber; trained against a wall, up a pillar or through an obelisk; or even grown as a tall hedge. Left alone, it grows to about 8 feet high by 4 feet wide.
- **Hardiness:** 5-10 Climber or Shrub
- **Foliage:** Deciduous. Dark green glossy foliage. Remarkable resistance to common diseases such as black spot and is tough enough to withstand drought and humidity with grace
- **Flower:** The classically shaped buds on this Climbing Rose open into 4-inch wide tangerine blooms. This is a very floriferous and strongly scented variety. Double, 17-25 and very strong fragrance.
