

True Bloom™ True Sincerity Rose

Big blooms and vivid, high petal counts are the signature of True Bloom Roses®. Their simplicity and ease of care are too. For the new generation of gardeners, True Bloom

Roses bring joy, innovation and beauty to outdoor and indoor living spaces.

Rosa 'True Sincerity' PPAF

- **Use:** Finally, a rose as lush and beautiful as it is easy to grow. With True Bloom Roses®, a revolutionary rose breeding process was used to combine the best features of hybrid tea flowering roses with disease-resistant shrub roses. Once plants are trialed at the breeding station for performance, they undergo years of trialing all over the United States to ensure they live up to an expectation of superior quality. Its mass of multicolor blooms are a welcome addition to the landscape, and provide a mild fragrance.
- **Exposure/Soil:** Full to part sun (best in full sun though). During the winter they prefer well-drained soils. Water regularly, when top 3 in. of soil is dry. Good air circulation is important for all roses.
- **Growth:** Grows to 2-4' tall and wide.
- **Hardiness:** Zone 5-10 Shrub
- **Foliage:** Deciduous. Unsurpassed resistance to black spot leaf disease.
- **Flower:** True rose floret with beautiful multi color rosette of red, yellow and pink. Mild fragrance. Repeat flowering and low maintenance.
