

Little Silhouette™ Arborvitae

Enhance your outdoor space with this charming specimen plant, perfect for adding year-round greenery and sophistication. Transform your garden with the graceful presence of Little Silhouette™ Arborvitae!

***Thuja occidentalis* 'WAH-LS'**

- **Use:** A delightful compact selection (from our native Thuja) that thrives in heat and humidity. This elegant evergreen boasts an upright, narrow growth habit, making it a stunning choice for adding vertical interest to your garden without overwhelming space. Ideal as a focal point in formal gardens, Little Silhouette™ Arborvitae also serves beautifully as a privacy screen, creating a serene and secluded atmosphere. Shorter than Thuja o. Emerald Green.
- **Exposure/Soil:** Full (but will need some protection from hottest afternoon sun) to part sun. During the winter they prefer well-drained soils. Water regularly, when top 3 in. of soil is dry. Once established needs only occasional water.
- **Growth:** Grows 8-12' tall and 3-4' wide.
- **Hardiness:** Zone 3-8; Shrub
- **Foliage:** Evergreen. Small lacy fan-like leaves (actually flat needles) are a rich deep green.
- **Flower:** Not known for flowers. Small oblong cones appear in the spring, mature to a brown color in the summer, and may persist.
