

Forever Goldy Arborvitae

Perfect for the background in your flowerbeds or at the corner of your home.

Thuja plicata 'Forever Goldy'

- **Use:** This “ever golden” compact shrub grows quickly into a stunning display of gold-yellow foliage that will not shed. Both heat and drought-tolerant. Excellent for planting in a container on the patio, or at the back of a border.
- **Exposure/Soil:** Full to part sun. During the winter they prefer well-drained soils. Water regularly, when top 3 in. of soil is dry. Once established needs only occasional water.
- **Growth:** Mature size is 10-12 ft tall, 3-4' wide,
- **Hardiness:** **Zone** 5 –9; Shrub /Small tree.
- **Foliage:** Evergreen. aptly named because it doesn't sun-burn or fade from its bright yellow hue. Its intense pop of color helps it stand out in the landscape among other ever-greens.
- **Flower:** Not known for flowers..
