

Magenta Magic Dagger Yucca

Tough,
heat
tolerant,
and
drought
toler-
ant!

Yucca aloifolia 'Magenta Magic'

- **Use:** A purple-leaf form of the Southeast US native *Yucca aloifolia*. This architectural beauty is great for rock gardens, xeriscaping, large containers near the pool
- **Exposure/Soil:** Prefers full sun. Once established needs only occasional water.
- **Growth:** A smaller *Yucca*, being stemless or clump-forming, the height will max out at 2 feet and wide.
- **Hardiness:** Zone 7a-9b; Perennial.
- **Foliage:** Evergreen. This spiky accent plant forms upright stalks, each dressed in sharp green leaves that take on a lovely mauvy purple color as nights cool in fall, but the coloring is not induced by a lack of nutrition.
- **Flower:** Spikes of white bell-shaped flowers top each stalk in early spring.
